 06085 Seoul, South Korea

is a member of
 RAL Gütegemeinschaft Kunststoff-Fensterprofilesysteme e.V.
 and actively supports the goals of the association.

From 01.01.2020
 [Signatures]

RAL Gütegemeinschaft Kunststoff-Fensterprofilesysteme e.V. (Quality Association for PVC, UP and PMMA) is a non-profit organization for the quality of PVC, UP and PMMA window systems since its foundation in 1972. It is a leading institution. Quality standards, certificates, test reports for the products of the RAL-GG are quality assurance regulations. It continuously develops the work of the association to match the challenges of the future. The mission of the association is to represent the interests of the entire PVC window system. The association manufactures as well as manufacturers of products and their components of the window system, window frames and building components.
